COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Mail Stop ISSUE FEE
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

The Examiner indicates:

[T]he prior art of record does not suggest or disclose the claimed combination of method steps, most notably the claimed "storing data and a substantially unique identification code of each integrated circuit device . . . the data indicating a

process flow within the manufacturing process for each integrated circuit device . . . [and] directing the integrated circuit devices identified as having a process flow within the manufacturing process different from the process flow of the data stored of the integrated circuit devices to another process.”

Applicants concur with the reasons as stated by the Examiner insofar as they comprise a summary, and are exemplary and not limiting. However, the independent claims as allowed include other and different language than that specified by the Examiner, and the allowed dependent claims include other and further features and elements. Accordingly, the scope of the claims must be determined from the literal language of each as a whole, as well as equivalents thereof.
